# Sponsorship Invitation Letter

## Dear esteemed corporate participants:

We cordially invite you to become a sponsor of the Phosphor Safari 2024, the 13<sup>th</sup> international symposium for luminescent materials. This event will bring together experts in the field of luminescent materials from around the world, providing a unique platform for technological exchange, knowledge sharing, and industry collaboration. Here are some compelling reasons to consider:

### 1. Technical Exchange and Experience Sharing:

By participating in our symposium, you will have the opportunity to engage in in-depth technical exchanges and experience sharing with top experts from around the world. This will not only enrich your professional knowledge but also expand your network, creating more business opportunities.

### 2. Latest Research Concepts and Development Trends:

We have invited experts from various countries in the field of luminescent materials to bring you forward-looking research concepts and development trends. You will have the opportunity to be the first to learn about the latest developments in luminescent materials, seizing future development opportunities.

### 3. Facilitating Cooperation and Exchange:

The symposium aims to promote cooperation and exchange between relevant organizations and units. As a sponsor, you will have the opportunity to engage in in-depth discussions with professionals from different backgrounds, explore cooperation opportunities, and jointly create the future of the industry.

### 4. Showcasing Our Country's Research Achievements and Expert Discussions:

We will showcase the latest research achievements in the field of luminescent materials in our country and optimize them through in-depth discussions with global experts. As a sponsor, you will have the opportunity to discuss the development direction of the industry with top experts at home and abroad, enhancing your brand image and influence.

With your support and sponsorship, this international conference will surely be a great success. To thank sponsoring companies for their support, the Phosphor Safari 2024 will provide excellent marketing opportunities, helping to promote your company's logo, products, or services, and attracting the attention of luminescent materials researchers and all attendees worldwide!

Join us in creating a symposium full of innovation and cooperation! Sponsor Phosphor Safari 2024 and join hands with industry leaders together will open the path to the better future!

We look forward to your positive response!

Best regards,

(Chun Che Lin) Associate Professor  
National Taipei University of Technology  
Department of Molecular Science and Engineering
